

The atmosphere of COVID-19 had changed how we will be seeing patients in our office for the immediate future. Our staff and patient safety is the most important thing at this time. Due to this we would like you to carefully read the following:

Every patient will be required to complete the COVID-19 Risk/Consent form prior to every appointment. It can be found under “new patients/forms” tab. If you or a family member have a positive CO-19 test result **within the last 21 days**, please call the office immediately.

No employee, patient or vendor are permitted in the office with COVID-19 symptoms.

Please take your temperature **before** you leave for your appointment. Please call us if it is above 100.4 F. Your temperature will be taken again at the office. If you have a temperature of 100.4 or higher, you will be re-appointed. No Exceptions.

Please be on time for your appointment. Patients that arrive late may not be seen. No walk in appointments can be accommodated at this time. All appointments are scheduled to accommodate social distancing in the waiting room and operator.

Parents/caregivers are asked to stay in the car for most appointments.

Patient should brush and floss at home prior to the appointment. Do not eat before you arrive.

There will be a fee of \$35 for each broken bracket that needs to be replaced.

Masks must be worn by all people entering the office.
